3/16/18	SGS meeting	ng with	Sabah Randhawa, who indicated that he wanted to have SGS follow up to ensaddressed. requested this meeting as she was College. She had recently stepped down and is now a faculty member with not interested in filing a complaint at this situation with SGS. During this discussion may not have received the respect she can and felt it may have some undertaken.	s feeling not included into a sa director of a. She indicated that she was time, but wanted to review her indicated she felt that she deserved at and now at tones related to gender. She had been the faculty are located in the from her colleagues.

		During this meeting, SGS reviewed informal & formal resolution processes, limits of confidentiality, prohibition of retaliation, and resources and reporting options.	
3/22/18	SGS meeting with	continued her discussion about feeling isolated at concerns that other women may be experiencing the same, and her need for an adequate which she did not receive when she returned to campus. She also indicated to SGS that she is more recognized nationally for her accomplishments in her disciplinary field than she feels she receives from her colleagues at Western. SGS discusses possibility of engaging the dean in conversation about her need for more inclusion in as well as for her need for adequate space.	
4/11/18	SGS meeting with	with continued her discussion from last visit. SGS continued to reiterate that if she felt that part of her concerns focused around gender that the EO Office could look into this informally or through a formal complaint. did not want to pursue a formal complaint but indicated that she is interested in further discussion about engaging discussion with	
4/20/18	SGS meeting with SGS and continued discussion on how the Dean might engage with on the issues and concerns that she has raised during the past several we SGS indicated that concerns seemed to be more about leadership that the Dean would be open to being responsive to her. with Dean and SGS.		
5/10/18	SGS meeting with and	SGS and Dean met to discuss concerns in regards to her feelings of exclusion in the department she has recently returned to. Some of these discussions focused on concern about being isolated in and not having adequate space. SGS indicated that concerns seemed to be issues that could be more readily addressed by the Dean and not the EO Office. Dean was very responsive and receptive to and indicated that he would follow up with her regarding space and other issues.	
5/31/18	SGS t/c with	SGS checks in with the state of the ensure that the situation of the situa
